EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. Authorization for this examiner's amendment was given in a telephone interview with Mr. John Preta (Reg. No. 43,017) on 06/05/2006.

3. The application has been amended as follows:

In Claim 1:

"such that" (line 9) has been changed to: --against a portion of the wrapping mechanism until--;

the phrase --and releases said one of the plurality of packaged sequenced product-- has been inserted between "products" and "into" on line 10.

In Claim 11:

"individual package" (line 4) has been changed to: --sequenced product in wrap to form individual packages--.

In Claim 13:

"further comprising" (line 1) has been changed to: --wherein the means for dropping includes--.

In Claim 16:

"further comprising" (line 3) has been changed to: --the dropping means further includes--.

In Claim 26:

“forms bags or packages of sequenced products using wrap and which seals each of the bags or the packages” (lines 2-3) has been changed to: --that wraps and seals wrap around sequenced products to form bags or packages of sequenced products--.

“packaging device” (line 5) has been changed to: --wrapping mechanism--;

“packaging device and the conveying system” (line 8) has been changed to: --wrapping mechanism and the conveying system such that said at least one of the clamping device, the cutting device and the serrating device holds one of the bags or packages of sequenced products against a portion of the wrapping mechanism and releases the one of the bags or packages of sequenced products into the drop off tray as the drop off tray moves incrementally--.

Interview Summary

4. The examiner suggested, and agreed to by applicant's attorney, to amend the claims to include the functional relationship between the wrapping mechanism and the clamping device in order to define the claimed invention over the prior art of record and to place the present application in condition for allowance.

Reasons for Allowance

5. The following is an examiner's statement of reasons for allowance:

- Claims 1 and 26 are patentable because the prior art of record fails to disclose and/or teach an apparatus comprising a wrapping mechanism and a clamping device wherein the holds one of a plurality of packaged sequenced products against a portion of the wrapping mechanism until a drop off tray is in position to

stack multiple packaged sequenced products of the plurality of packaged sequenced products and releases the one of the plurality of sequenced products into the drop off tray as the drop off tray is moved, incrementally.

- Claim 11 is patentable because the prior art of record fails to disclose and/or teach an apparatus for packaging and stacking product comprising, among others, means for dropping individual packages into a vertical stacked position in a take away container or any equivalent thereof; which includes, under 35 USC 112, 6th paragraph, a clamping device, a serrating device and a cutting device that acts against a portion of the means for packaging individual packages of sequenced product to hold, serrate and/or cut the individual packages of sequenced product.

6. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Drawings

7. The drawings were received on 04/03/2006. These drawings are approved.
